“I had lost all hope of getting a job after completing my graduation as my parents were not ready to let me leave Barmer and I did not have the necessary skills for the jobs available here. Thanks to IL&FS Skills for providing me with the right skills to help me get the right job”

Chanchal Jain is from the district of Barmer in Rajasthan which is identified as one of the most backward regions of the country. She is a graduate in commerce and was keen on joining the banking industry

However her family did not want her to leave Barmer for a job. She attended the ‘Careers in Banking’ seminar in her college, organized by IL&FS Skills and got to know of job opportunities available in the local areas. Chanchal enrolled in the Banking Programme at IL&FS Institute of Skills (IIS), Barmer. During the course she was trained in banking operations. Chanchal was placed with HDFC Bank and got posted in the Barmer branch itself to work as a RTGS/NEFT executive

Her effort has not only given shape to her dreams but it has also paved the way for other girls in her community to get skilled. Currently she is earning Rs. 15,000 per month and works in the vicinity of her residence
