## I am Mamta, I am a Sewing Machine Operator

---

Name : Mamta Negi

Age : 30 years

Job Role : Sewing Machine Operator

Income per month before skilling : Rs5000

Income per month after skilling : Rs12,500

***“I am able to send my son to a good school today with the help of my earning and I am also able to help him with his education with the English language and computer training I did at NSDC affiliated IL&FS Institute of Skills in Delhi along with my training in Sewing Machine Operation”***

Mamta came to Badarpur in Delhi after her marriage. She was born and brought up in a small village in Uttarakhand where she studied till the 10th grade in a school in her village. Mamta started working with PEE EMPRO Exports as a sewing machine operator earning a meager salary of Rs. 5,000 per month. She did not have any technical training or any formal qualifications

Mamta then came to know about IL&FS Institute of Skills (IIS) in Delhi where she enrolled herself being excited at the prospect of acquiring industry endorsed skills training and an industry recognized certificate. At the end of her 30 day training programme Mamta was taken on the rolls of her company and given a promotion with a raise in her salary along with other performance based incentives

Today she is working as an Assistant Trainer with the same company with all social security benefits like medical insurance and provident fund earning Rs. 12,500 per month
