Naseema’s journey from the remote rural village of Anderhama in Kupwara, J&K to Café Coffee Day (CCD) in Ahmedabad, Gujarat has been full of challenges. As a member of a family of 9, she could not continue her studies due to financial constraints. Working is considered a taboo for a girl in the conservative set up of Naseema’s neighbourhood. The IL&FS Skills team counselled Naseema and her family on the career opportunities and convinced her father of the job opportunity and working conditions. She joined CCD after completing her training in Quick Service Restaurant (QSR) trade and started earning Rs. 6000 per month. Today she is working with Globus Stores in Gujarat at a CTC of Rs. 8,250 per month
